

For tired eyes / red eyes

Sante Beautéye

To increase eye metabolism and relieve tired eyes

Features

Sante Beautéye is an eye drop for people who need to keep eyes moisturized and clear.

In today's modern living environment with strong ultraviolet rays and automobile exhaust, lack of sleep, and unbalanced diets, our eyes are exposed to various forms of stress every day. Accumulation of such harmful influence may lead to symptoms in eyes, such as discomfort.

Sante Beautéye contains five active ingredients at maximum concentrations*, including taurine that facilitates turnover (metabolism) of eyes, chondroitin sulfate sodium that protects and moisturizes cornea, and vitamin B₁₂ that is a red vitamin and relieves tiredness of muscles in eyes, to relieve tired eyes and to make eyes healthy without hyperaemia.

* Maximum concentrations in marketing licence standards for nonprescription ophthalmic drugs

Indications

Tired eye, blurry eye (increase in eye mucus, etc.), hyperaemia of conjunctiva, blepharitis (soreness of eyelid), itchy eye, prevention of eye disease (after swimming, after dust and sweat entering eye, etc.), ophthalmia due to light rays such as ultraviolet rays (snow ophthalmia), discomfort while wearing hard contact lens
