

For tired eyes and prevention of eye disease

Sante de U plus E alfa[®]

Category 3
drug product

Eyedrops

A major cause of tired eyes is excessive fatigue (overuse) of the ciliary muscles that support the lenses of the eyes.

Sante de U plus E alfa contains five active ingredients including red vitamin B₁₂, which works directly on the ciliary muscles to restore neurologic functions of the eye, and natural vitamin E, which improves blood flow in peripheral vessels, and is effective for relieving tired eyes and preventing eye disease. Please use this product to enjoy healthy eyes.

⚠️ Precautions for use

Consultation

- The following people should consult with their doctor, pharmacist, or registered pharmaceutical distributor before using this product.
 - People receiving treatment from a doctor
 - People who have experienced an allergic reaction to medicine or other substances
 - People who have the following symptom
Severe pain in the eyes
 - People who have received the following diagnosis
Glaucoma
- If you experience any of the following symptoms after using this product, it may be an adverse reaction. In such a case, please stop using the product immediately, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.

Area affected	Symptom
Skin	Rash/redness, itchiness
Eye(s)	Redness, itchiness, swelling, stinging pain
- In any of the following cases, please stop using the product, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.
 - If blurriness of the eyes does not improve
 - If symptoms do not improve within approximately 2 weeks of use

Dosage / Administration

Instill 1 to 3 drops at a time, 5 to 6 times daily.

• Please observe the following precautions.

- If administered to a child, the product must be administered under the direction and observation of the child's guardian.
- Do not let the tip of the bottle touch your eyes, eyelids or eyelashes (doing so could cause the solution to become contaminated with eye mucus or bacteria). Do not use the product if it does become contaminated.
- Do not use the product while wearing soft contact lenses.
- Use only as an eye drop.

How to open the twist cap

Please be sure to open the cap when the bottle is upright.

Note: If you open the bottle while squeezing it in the middle, it may cause the solution to squirt from the bottle.

•Opening the bottle
Twist the cap toward you.

•Closing the cap
Press down firmly until it stops.

Indication

Tired eyes, prevention of eye disease (after swimming, when dust or sweat enters the eyes, etc.), conjunctival congestion, bleary eyes (increase in eye mucus, etc.), itchy eyes, blepharitis (soreness of eyelids), ophthalmia due to light rays such as ultraviolet rays (e.g., snow blindness), discomfort while wearing hard contact lenses

Ingredients and quantity

Ingredients	Quantity	Action
Vitamin B ₁₂ (cyanocobalamin)	0.015%	Relieves eyestrain by revitalizing the ciliary muscles.
Natural vitamin E (d-α-tocopherol acetate)	0.02%	Improves blood flow in peripheral vessels.
Neostigmine methyl sulfate	0.002%	Improves conditions such as tired eyes by improving the focus adjustment mechanism of the eyes.
Chlorpheniramine maleate	0.01%	Suppresses inflammation and itchiness of the eyes by suppressing histamine activity.
Dipotassium glycyrrhizinate	0.1%	Suppresses inflammation of the eyes.

This product contains the following excipients: aminocaproic acid, edetate sodium hydrate, chlorobutanol, benzalkonium chloride liquid, polyoxyethylene hardened castor oil, d-borneol, l-menthol, isotonicizing agent, and pH-adjusting agent.

[Precautions regarding ingredients and quantity]

You may experience a sweet taste in your mouth after putting the drops in your eyes. This is due to one of the active ingredients, dipotassium glycyrrhizinate, passing into your mouth through the lacrimal ducts. It is not due to degradation of quality or any other abnormalities of the product.

Precautions regarding storage and handling

- Store in a cool place away from direct sunlight and keep sealed. To preserve the quality of the product, do not leave it in a hot place such as inside a car or near a heater. If the product is left in a hot place, the bottle may become warped causing the solution to leak and degrading its quality. Please do not use the product in such a case.
- Keep out of reach of children.
- Do not transfer the solution to another receptacle. (Doing so may lead to misuse of the product or may affect its quality.)
- Do not share the product with another person.
- Do not use the product if it has exceeded its use-by date. Even before the use-by date, please use the product as soon as possible after opening the bottle.
- Depending on the conditions of storage, the ingredients may crystallize and form red deposits around the inside of the bottle's tip or on the inside of the cap. If this occurs, gently wipe off the deposits with a clean piece of gauze before using the product.
- The product's red color is due to the vitamin B₁₂ ("red vitamin" cyanocobalamin) in the solution. If you spill any of the solution and stain your clothes when using the product, immediately wash your clothes with water.

Content 12mL
