

For tired eyes / prevention of eye disease

Sante de U[®] plus E alfa

Features

It is said that excessive fatigue (overuse) of "ciliary muscles" that support lens is a major cause of tired eyes. Sante de U plus E alfa contains five active ingredients including red vitamin B₁₂, which directly works on ciliary muscles to refresh neurologic functions of eye, and naturally occurring vitamin E, which improves blood flow in peripheral vessels, and is effective for improving tired eyes and preventing eye disease. Use this product to enjoy your "healthy eye" life.

Indications

Tired eye, prevention of eye disease (after swimming, after dust and sweat entering eye, etc.), hyperaemia of conjunctiva, blurry eye (increase in eye mucus, etc.), itchy eye, blepharitis (soreness of eyelid), ophthalmia due to light rays such as ultraviolet rays (snow ophthalmia), discomfort while wearing hard contact lens

Dosage / Administration

Instill 1 to 3 drops at a time, 5 to 6 times daily.
