

For itching / red eyes

Sante AL[®] Cool II

Well-balanced formulation for relieving allergic symptoms, etc. caused by pollen

Features

Eye allergy caused by pollen / house dust, etc. does not only cause unpleasant symptoms such as itching and hyperaemia but also damage eye tissue by causing inflammation.

Sante AL Cool II is an eye drop containing not only antihistamines to effectively relieve itching / hyperaemia but also ingredients to promote repair of tissue damaged by inflammation. In addition, this product gives your eye a soothing, refreshing sensation.

Indications

Itchy eye, hyperaemia of conjunctiva, blepharitis (soreness of eyelid), prevention of eye disease (after swimming, after dust and sweat entering eye, etc.), ophthalmia due to light rays such as ultraviolet rays (snow ophthalmia), tired eye, blurry eye (increase in eye mucus, etc.), discomfort while wearing hard contact lens.

Dosage / Administration

Instill 1 to 3 drops at a time, 5 to 6 times daily.
