

Please keep these instructions with your medicine and read them carefully when using your medicine.

Santen

For tired eyes / red eyes

Sante Beautéye

Category 2
drug product

Eyedrops

To increase eye metabolism and relieve tired eyes

Sante Beautéye is an eye drop for people who want to keep their eyes forever clear and well moisturized.

In today's modern living environment with strong ultraviolet rays and automobile exhaust, lack of sleep, and unbalanced diets, our eyes are exposed to various forms of stress every day. Accumulation of such harmful influences can lead to discomfort and other symptoms of the eyes.

Sante Beautéye contains five active ingredients at maximum concentrations*, including taurine that facilitates turnover (metabolism) in the eyes, chondroitin sulfate sodium that protects and moisturizes the cornea, and vitamin B12 (the "red vitamin") that relieves tiredness of the eye muscles, to relieve eye stress and promote healthy eyes free of redness.

*Maximum concentrations according to manufacturing license standards for nonprescription ophthalmic drugs

⚠ Precautions for use

Consultation

- The following people should consult with their doctor, pharmacist, or registered pharmaceutical distributor before using this product.
 - People receiving treatment from a doctor
 - People who have experienced an allergic reaction to medicine or other substances
 - People who have the following symptom
Severe pain in the eyes
 - People who have received the following diagnosis
Glaucoma
- If you experience any of the following symptoms after using this product, it may be an adverse reaction. In such a case, please stop using the product immediately, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.

Area affected	Symptom
Skin	Rash/redness, itchiness
Eye(s)	Redness, itchiness, swelling

- In any of the following cases, please stop using the product, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.
 - If blurriness of the eyes does not improve
 - If symptoms do not improve within 5 to 6 days of use

Dosage / Administration

Instill 1 to 3 drops at a time, 5 to 6 times daily.

● Please observe the following precautions.

- Overuse can cause sensations of excessive brightness and may actually lead to red eyes.
- If administered to a child, the product must be administered under the direction and observation of the child's guardian.
- Do not let the tip of the bottle touch your eyes, eyelids or eyelashes (doing so could cause the solution to become contaminated with eye mucus or bacteria). Do not use the product if it does become contaminated.
- Do not use the product while wearing soft contact lenses.
- Use only as an eye drop.

Indication

Tired eyes, conjunctival congestion, bleary eyes (increase in eye mucus, etc.), itchy eyes, prevention of eye disease (after swimming, when dust or sweat enters the eyes, etc.), blepharitis (soreness of eyelids), ophthalmia due to light rays such as ultraviolet rays (e.g., snow blindness), discomfort while wearing hard contact lenses

Ingredients and quantity

Ingredients	Quantity	Action
Taurine	1.0%	Activates turnover (metabolism) in the eyes.
Vitamin B12 (cyanocobalamin)	0.02%	Relieves eyestrain by revitalizing the ciliary muscles.
Chondroitin sulfate sodium	0.5%	Protects and moisturizes the cornea; moisturizes the eyes by preventing evaporation of tears.
Tetrahydrozoline hydrochloride	0.05%	Suppresses congestion of the conjunctiva (the whites of the eyes).
Chlorpheniramine maleate	0.03%	Suppresses inflammation and itchiness of the eyes by suppressing histamine activity.

This product contains the following excipients: aminocaproic acid, edetate sodium hydrate, geraniol, sodium hyaluronate, phenylethyl alcohol, benzalkonium chloride, polysorbate 80, d-camphor, l-menthol, isotonicizing agent, and pH-adjusting agent.

Precautions regarding storage and handling

- Store in a cool place away from direct sunlight and keep sealed. To preserve the quality of the product, do not leave it in a hot place such as inside a car or near a heater. If the product is left in a hot place, the bottle may become warped causing the solution to leak and degrading its quality. Please do not use the product in such a case.
- Keep out of reach of children.
- Do not transfer the solution to another receptacle. (Doing so may lead to misuse of the product or may affect its quality.)
- Do not share the product with another person.
- Do not use the product if it has exceeded its use-by date. Even before the use-by date, please use the product as soon as possible after opening the bottle.
- Depending on the conditions of storage, the ingredients may crystallize and form red deposits around the inside of the bottle's tip or on the inside of the cap. If this occurs, gently wipe off the deposits with a clean piece of gauze before using the product.
- The product's red color is due to the vitamin B12 ("red vitamin" cyanocobalamin) in the solution. If you spill any of the solution and stain your clothes when using the product, immediately wash your clothes with water.

Content 12mL

[In consideration of the environment, a bag has not been included with the product. Thank you for your kind understanding.]
