

For tired eyes and prevention of eye disease

Category 2
drug product

Sante Beautéye Moon Care

Eyedrops

For relief of tired eyes at the end of the day.

Sante Beautéye Moon Care is an eye drop for people who want to keep their eyes bright and clear.

From ultraviolet rays to smartphones, our eyes are exposed to various forms of stress.

To relieve daily eye stress and promote healthy eyes, **Sante Beautéye Moon Care** contains maximum concentrations* of potassium L-aspartate and panthenol, which facilitate turnover (metabolism) in the eyes, sodium chondroitin sulfate, which protects and moisturizes the cornea, and naturally occurring vitamin E (d-alpha tocopherol acetate), which improves blood flow.

So you can face tomorrow with shining eyes.

*Maximum concentrations according to manufacturing and marketing license standards for nonprescription ophthalmic drugs

Precautions for use

Consultation

1. The following people should consult with their doctor, pharmacist, or registered pharmaceutical distributor before using this product.

- (1) People receiving treatment from a doctor
- (2) People who have experienced an allergic reaction to medicine or other substances
- (3) People who have the following symptom
Severe pain in the eyes
- (4) People who have received the following diagnosis
Glaucoma

2. If you experience any of the following symptoms after using this product, it may be an adverse reaction. In such a case, please stop using the product immediately, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.

Area affected	Symptom
Skin	Rash/redness, itchiness
Eye(s)	Redness, itchiness, swelling, stinging pain

3. In any of the following cases, please stop using the product, take this information form to your doctor, pharmacist, or registered pharmaceutical distributor and seek consultation.

- (1) If blurriness of the eyes does not improve
- (2) If symptoms do not improve within 5 to 6 days of use

Dosage / Administration

Instill 1 to 3 drops at a time, 5 to 6 times daily.

• Please observe the following precautions.

- (1) Overuse can cause sensations of excessive brightness and may actually lead to red eyes.
- (2) If administered to a child, the product must be administered under the direction and observation of the child's guardian.
- (3) Do not let the tip of the bottle touch your eyes, eyelids or eyelashes (doing so could cause the solution to become contaminated with eye mucus or bacteria). Do not use the product if it does become contaminated.
- (4) Do not use the product while wearing soft contact lenses.
- (5) Use only as an eye drop.

Indication

Tired eyes, prevention of eye disease (after swimming, when dust or sweat enters the eyes, etc.), conjunctival congestion, bleary eyes (increase in eye mucus, etc.), discomfort while wearing hard contact lenses.

Ingredients and quantity

Ingredients	Quantity	Action
Potassium L-aspartate	1.0%	Activates turnover (metabolism) in the eyes.
Panthenol	0.1%	
Chondroitin sulfate sodium	0.5%	Protects and moisturizes the cornea; moisturizes the eyes by preventing evaporation of tears.
Natural vitamin E (d- α -tocopherol acetate)	0.05%	Improves blood flow in peripheral vessels.
Tetrahydrozoline hydrochloride	0.01%	Suppresses congestion of the conjun (the whites of the eyes).

This product contains the following excipients: aminocaproic acid, edetate sodium hydrate, geraniol, mentha oil, sodium hyaluronate, benzalkonium chloride, polyoxyethylene hardened castor oil, polysorbate 80, eucalyptus oil, isotonicizing agent, and pH-adjusting agent.

Precautions regarding storage and handling

- (1) Store in a cool place away from direct sunlight and keep sealed. To preserve the quality of the product, do not leave it in a hot place such as inside a car or near a heater. If the product is left in a hot place, the bottle may become warped causing the solution to leak and degrading its quality. Please do not use the product in such a case. 
- (2) Keep out of reach of children.
- (3) Do not transfer the solution to another receptacle. (Doing so may lead to misuse of the product or may affect its quality.)
- (4) Do not share the product with another person.
- (5) Do not use the product if it has exceeded its use-by date. Even before the use-by date, please use the product as soon as possible after opening the bottle.
- (6) Depending on the conditions of storage, the ingredients may crystallize and form white deposits around the inside of the bottle's tip or on the inside of the cap. If this occurs, gently wipe off the deposits with a clean piece of gauze before using the product.

Content 12mL

[In consideration of the environment, a bag has not been included with the product. Thank you for your kind understanding.]
